# T3 ROYALTY PASS NFTS

---

Despite challenging fundraising conditions, our focus remains on innovative solutions that not only reward early investors but also maximize their potential returns. Our T3 Royalty Pass NFTs (T3RP), offer diverse benefits and multiple royalty options.

This investment vehicle encourages participation from a diverse range of investors, DAOs, and VCs on our Discord platform. By leveraging combined networks, strengths, and ideas, we form a formidable team with shared interests, driving this business forward together so everyone wins!

See below our innovative offer using the very technology we are building with.

# HOLDER BENEFITS

---

**10%**

Royalties from Revenue (paid out monthly)

**1%**

Of total \$T3P token supply (Airdropped over 4 years) to holders

**5%**

Of total \$T3P raised funds (Paid as royalties to holders after public TOKEN sale)

**50%**

Royalty fee from all aftermarket T3RP NFT sales (ALL proceeds to holders)

**100%**

Access to T3 Play governance discord (voting/DAO all things T3 Play related)

**5%**

5% of proceeds generated from any full or partial acquisition/sale of T3 Play or its games/platform

# HOW DOES THE ROYALTIES SYSTEM WORK?

---

## **ROYALTIES FROM REVENUE (PAID OUT MONTHLY)**

T3 Play will share 10% of revenue generated from all platform fees, marketplace fees, token swap fees, high stakes mode fees, and NFT mint proceeds from all current and future platform owned games.

This 10% will be paid out equally to holders based on a snapshot taken 2 hours before distribution.

Initially this will be distributed as Stablecoin or ETH until the \$T3P token is launched. Once \$T3P token is launched, a combination of stablecoins and the T3P token will be used.

# EXAMPLE OF REVENUE SHARE PAYOUT

---

## EXAMPLE 1:

100 T3RP NFT Holders (100/5000), total monthly revenue = \$200,000

10% of \$200,000 = \$20,000 split evenly between 100 holders

Revenue share per NFT held for the month = \$200 each

## EXAMPLE 2:

1000 T3RP NFT Holders (1000/5000), total monthly revenue = \$200,000

10% of \$200,000 = \$20,000 split evenly between 1000 holders

Revenue share per NFT held for the month = \$20 each

# 1% TOTAL \$T3P TOKEN SUPPLY AIRDROP

---

All minted T3RP NFT holders will collectively receive 1% of the total \$T3P token supply released over a 3 year period from TGE (Token generation event) proportional to the amount of NFTs they hold.

1% of total \$T3P token supply is 30 million tokens

## EXAMPLE 1:

T3RP NFT Holders = 1000/5000 - 625,000 tokens per month (48 months)

monthly airdrop per T3RP NFT = 625 tokens per NFT held

## EXAMPLE 2:

T3RP NFT Holders = 5000/5000 - 625,000 tokens per month (48 months)

monthly airdrop per T3RP NFT = 125 tokens per NFT held

# 5% OF \$T3P TOKEN SALES

---

**5% of total \$T3P token raise funds (Full payout to holders after public sale)**

T3 Play plans to raise a further \$5-10 million in the leadup to the \$T3P token launch.

5% of all funds raised via \$T3P token sales will be paid out to T3RP NFT holders equally.

## **EXAMPLE 1:**

1000/5000 T3RP NFTs sold, 5% of \$10 Million raised from \$T3P token sales - \$500k = \$500 per NFT

## **EXAMPLE 2:**

5000/5000 T3RP NFTs sold, 5% of \$10 million raised from \$T3P token sales - \$500k = \$100 per NFT

payout will be within 28 days of TGE (Token generation event)

# NFT MINT REFERRAL SYSTEM

---

## T3RP NFT sale referral system (20%)

### How does it work?

The system itself is very simple. Early holders will gain the ability to generate their own referral code. From 03/04/2024 only the T3 Play team can generate unique referral codes, these will be handed out strategically to generate more sales.

If the referral code system appeals to you, please get in touch with us to discuss options at [info@t3play.com](mailto:info@t3play.com)

To get a referral payout, someone will need to click your personal link which takes them to the minting dApp.

After successfully minting the data including the referees wallet address will be submitted to our database and the 20% will be paid out to the referrer within 48 hours of confirmation from the blockchain in stablecoin. The database will be publicly viewable and payouts will be verifiable on chain.

### EXAMPLE:

Somebody mints 10 T3RP NFTs using your referral link. You receive \$500 within 48 hours!

# NFT MINT REFERRAL SYSTEM PT 2

## **T3RP NFT sale referral system (20%)**

Each mint that comes from your referral link will get 20% paid out in ETH/Stablecoin. 1 mint = \$250, 20% of \$250 is \$50, you will receive \$50 per NFT minted from your unique referral link.

Whether you have 1 mint referred or 1000 mints referred you will still get 20% of the total amount of mints that come from your referral.

Example: If you minted \$50,000 worth of T3RP NFTs, then referred another \$250,000 worth of mints, you would receive your initial investment back (\$50,000).

This creates amazing incentives for other founders, investors and influencers to tap into their networks and get something back!

# 50% ROYALTY FEE SYSTEM

---

**50% Royalty fees on secondary market NFT sales (all proceeds to T3RP holders)**

All secondary market sales of T3RP NFTs will incur a **50% royalty fee**. These fees will be paid out to T3RP holders monthly.

## **WHY?**

There are two main reasons for this, to deter sellers, but also to reward holders when there are sellers. We understand that sometimes people need to sell for various reasons and that's why these NFTs become such a flexible option.

We turn a sale into a positive for both the seller and also the remainder of holders collectively.

## **EXAMPLE:**

There are 50 secondary market sales in 1 month totalling \$50,000, 50% of this total (\$25,000) will be paid out to T3RP NFT holders that month. If there are 1000 T3RP holders at the time, each NFT will receive **\$25** each.

# 5% FROM ANY EXTERNAL ACQUISITION OF T3 PLAY

---

## **So how does an acquisition payout look for T3RP holders?**

In the case of any acquisition or sale of T3 Play, holders will have the opportunity to vote on whether to stay onboard receiving the above benefits each month with the new shareholders, or whether to exit and receive an acquisition payout. The payout will be based on the company market valuation at the acquisition value and will be 5% of this total.

If T3RP NFT holders vote to receive a payout, the vote will be final, and the final payout will be distributed as well as the termination of the NFT contract agreement within 28 days of acquisition.

If the vote is for no acquisition payout, there will be no payout, and holders will continue to receive the eligible benefits associated until there is another acquisition, where a new vote will decide again.

# 5% FROM ANY EXTERNAL ACQUISITION OF T3 PLAY PT 2

---

**Example of acquisition payout:** There is a full or partial acquisition of T3 Play with a company valuation including the new purchase of \$50 Million.

1000/5000 T3RP NFTs circulating, 5% of \$50M = \$2.5M, Payout per T3RP NFT = \$2500 each

5000/5000 T3RP NFTs circulating, 5% of \$50M = \$2.5M, Payout per T3RP NFT = \$500 each

Its important to note that T3 Play has the right to over rule a T3RP Governance vote, but only when the vote is in favor of no 5% acquisition payout. T3 Play will then distribute accordingly a final payout as above based on the company valuation at the time, and terminate the T3RP NFT contract with T3 Play.

T3 Play cannot over rule the vote, if the result is for a 5% acquisition payout, but the vote can only take place and be accepted, when there is an actual acquisition taking place.

# GOVERNANCE DISCORD

---

## **Access to T3 Play Governance discord (voting/DAO & all things T3 Play)**

This may be the most underrated and important benefit of being a T3RP NFT holder!

Exclusive to T3RP NFT holders, a separate token gated channel within Discord allows discussions on game acquisitions, revenue optimization, external acquisitions, new ideas, and anything to grow this business.

Investors from various backgrounds collaborate here to enhance the business and in doing so, their own investments. Joining forces with NFT holders, influencers, gaming funds, DAO's, VC funds, and more, we can all utilize our networks, audiences, experience, and talents to propel T3 Play far further than we could without these unique members! Exciting times lie ahead!

# GOVERNANCE DISCORD PT 2

---

**The discord serves as the voting platform for all business-related matters!**

Regardless of the number of NFTs owned (1 or 1000), each holder gets a single vote on every proposal in discord.

While certain topics like acquisitions and payouts require specific votes from all T3RP NFT holders, general discussions and proposals are also encouraged!

T3 Play recognizes the vast expertise, knowledge, and experience within our diverse community of holders. We eagerly anticipate embarking on this journey together utilizing plans put in place by this strong group of smart investors! Together we can build something truly incredible.

# PLATFORM TOKEN USES (\$T3P)

---

01

## HIGH STAKES

Use in high stakes game modes

04

## MICRO TRANSACTIONS

Our T3 Play Blockchain will use native \$T3P as the gas/transaction token

02

## STAKING

Staking rewards (NFTs/Tokens)

05

## PURCHASES

Purchase special in-game items (NFTs)

03

## TRADING

Trade \$T3P for other cryptocurrencies

06

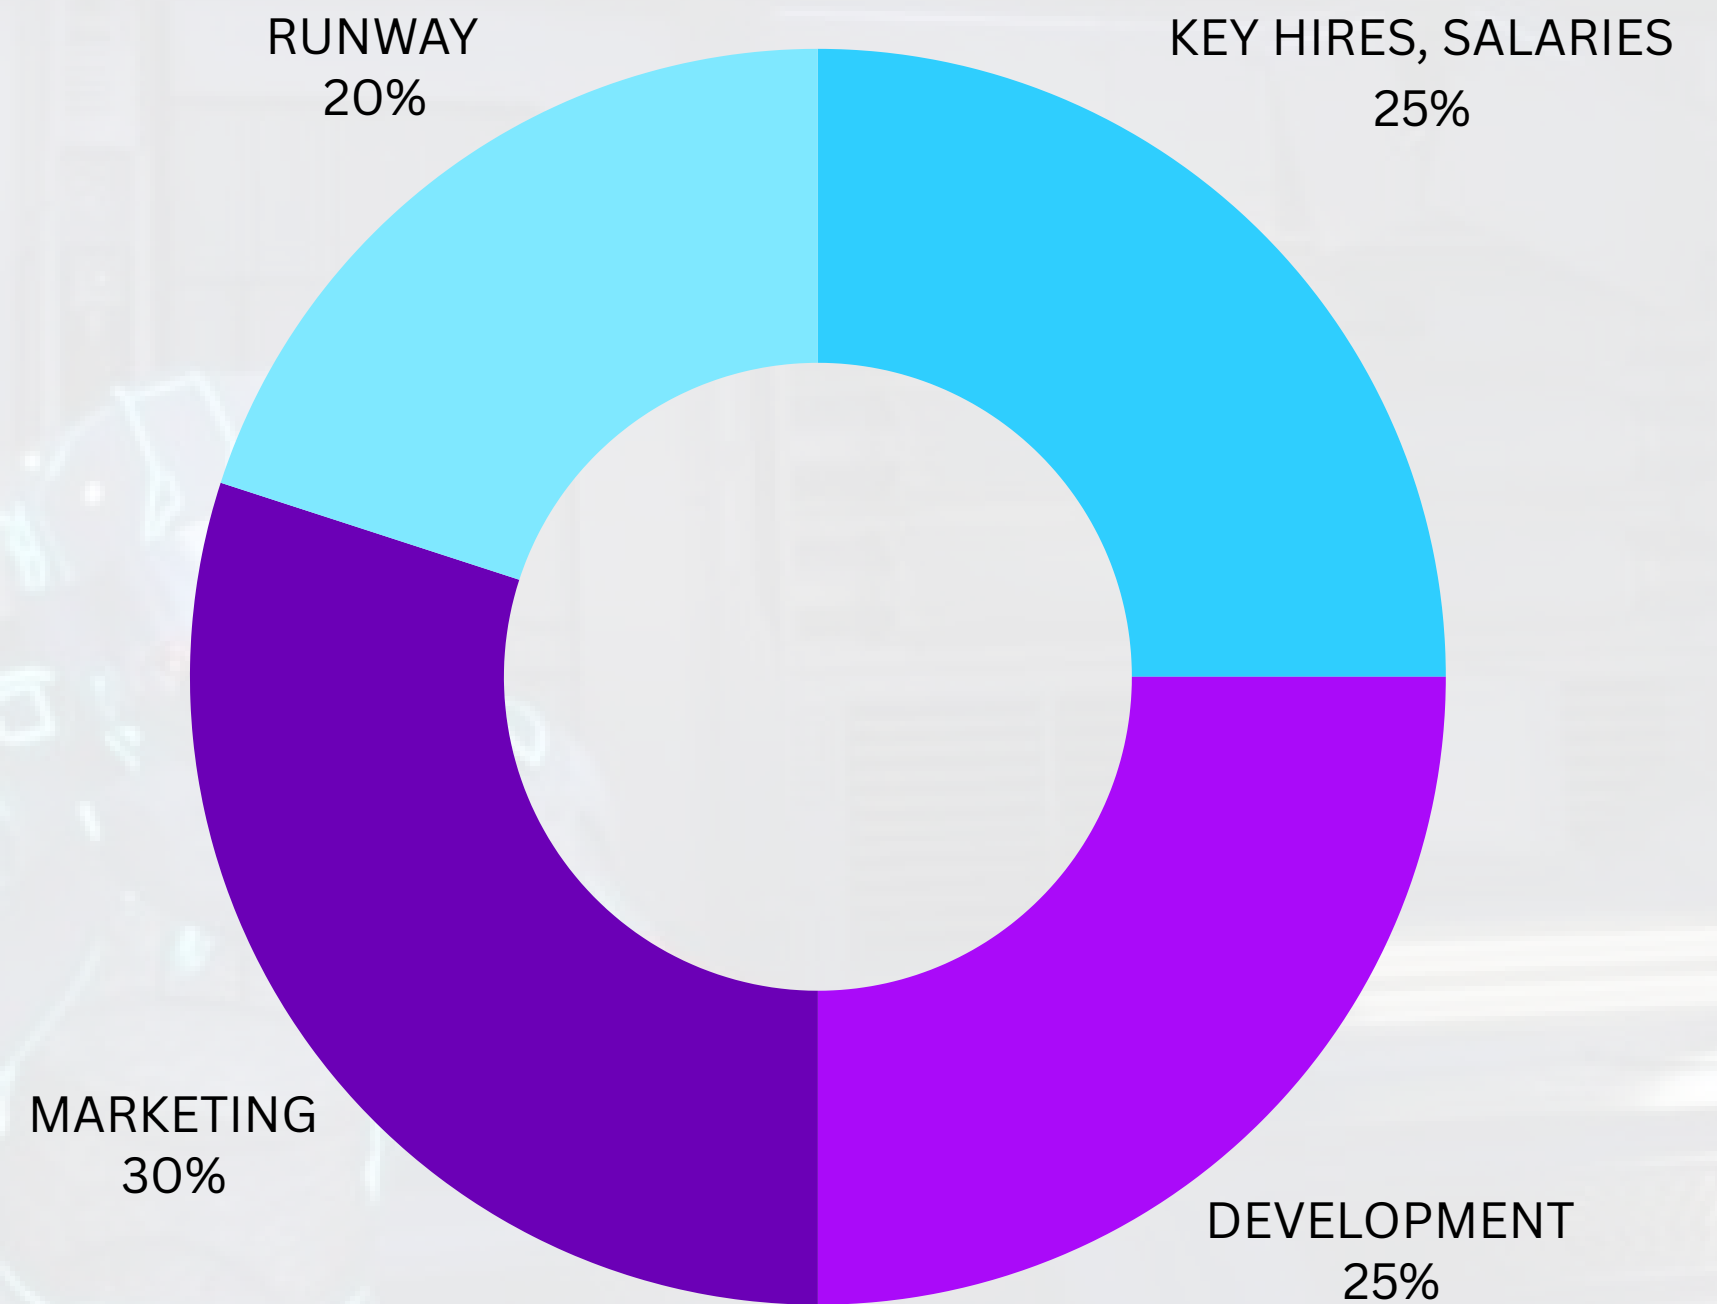

## DEFLATIONARY SUPPLY

Deflationary supply using token buy backs from a % of fees

# USE OF T3RP FUNDS (2024)

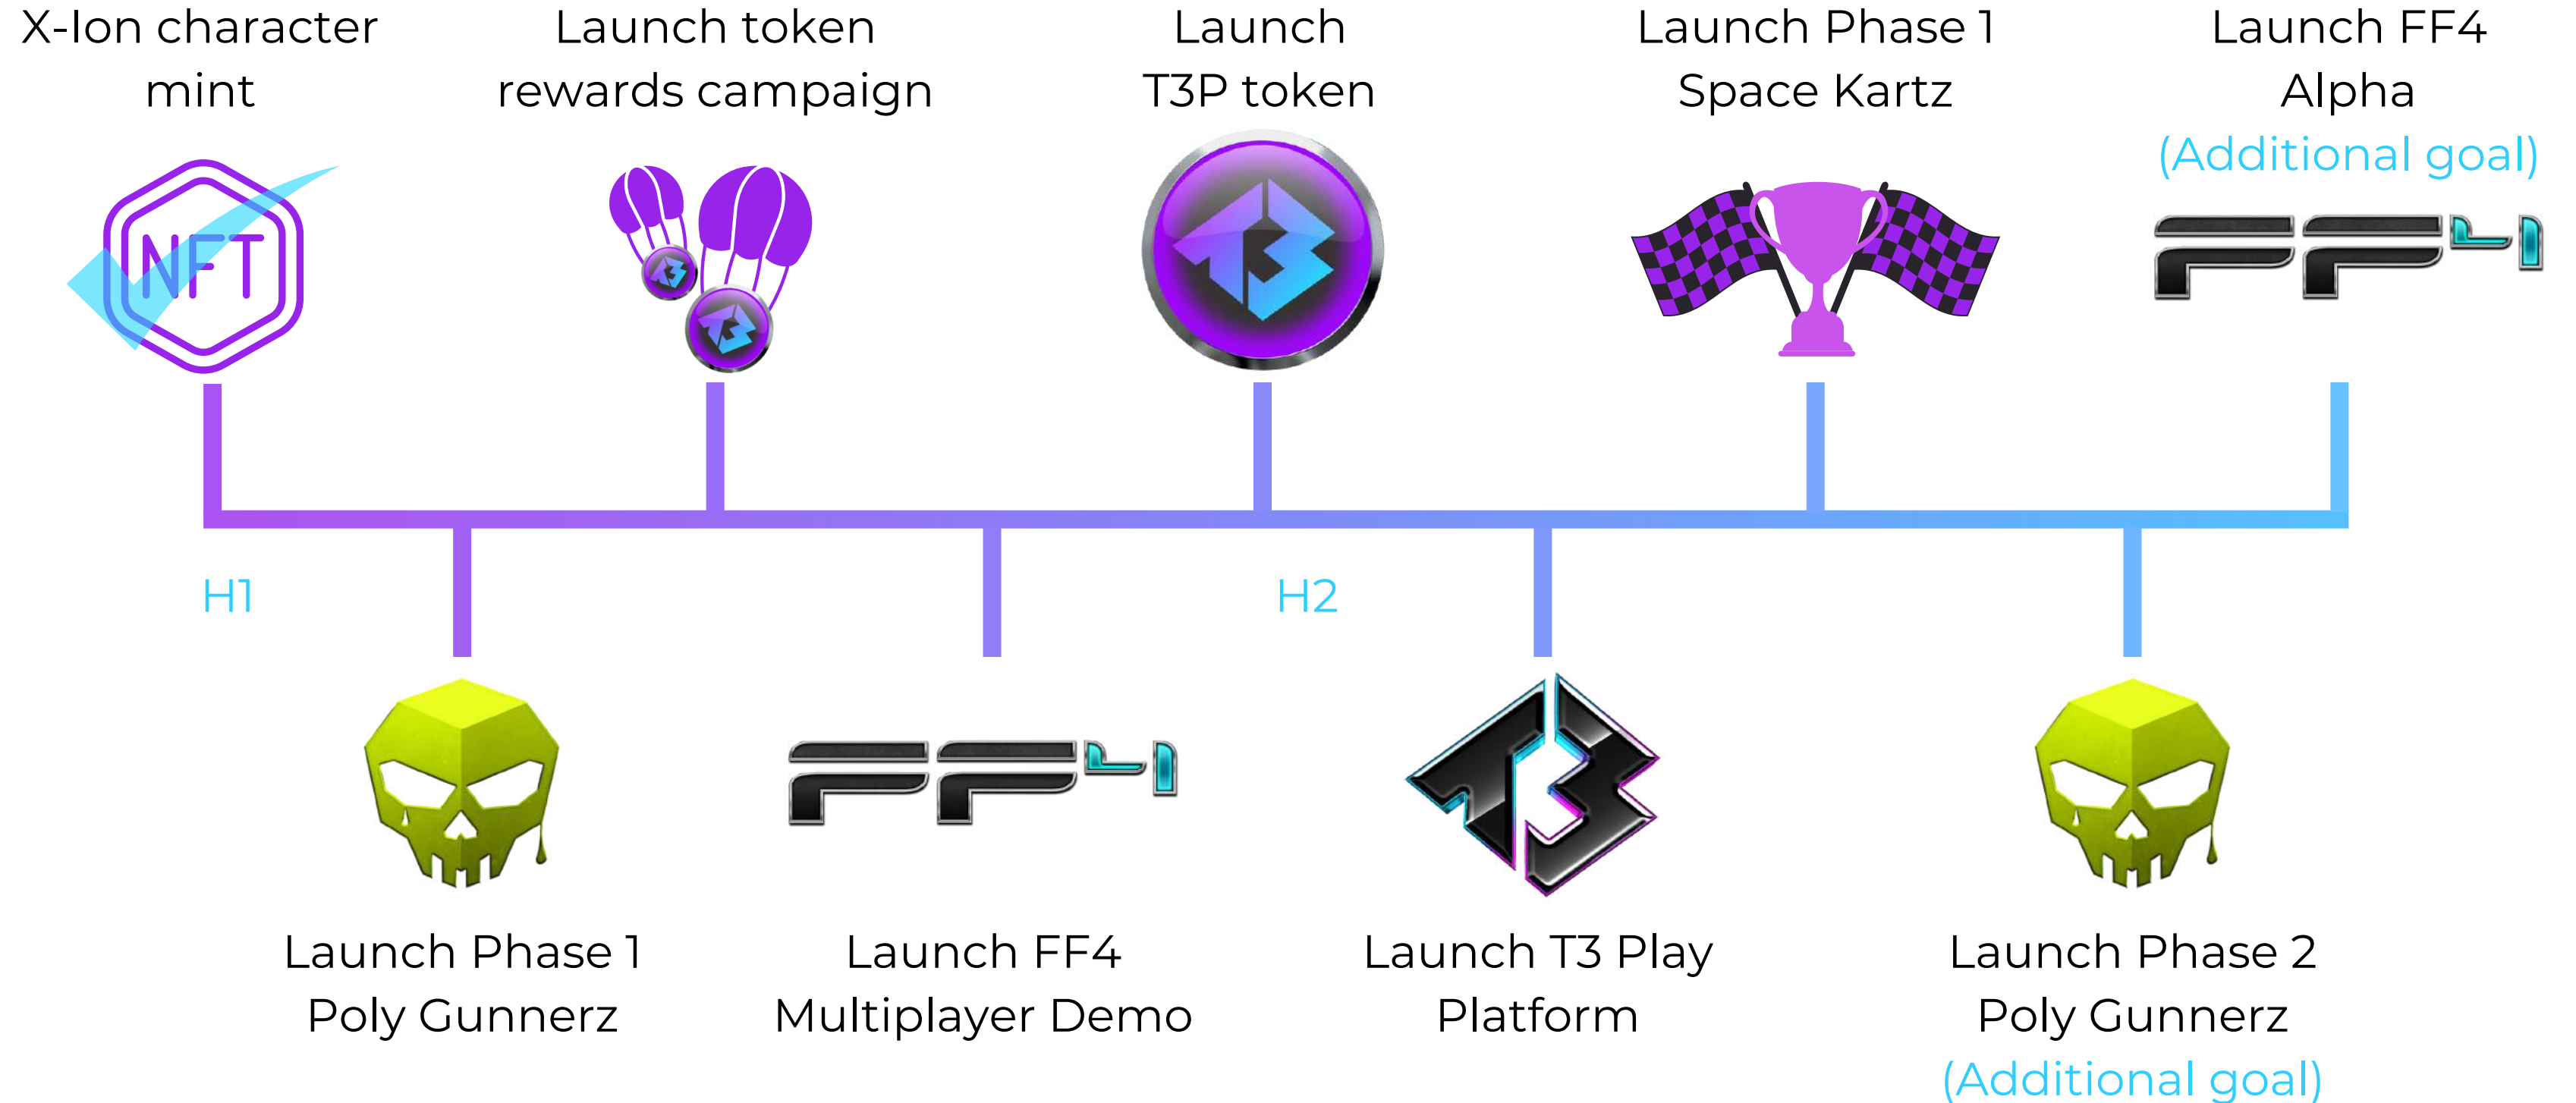

---

- Expand and grow our team (key hires) - Head of marketing (marketing executive), successful experienced game designer
- Platform and game development
- Game and platform marketing
- Runway for current roadmap milestones or until next raise

# PLANNED T3 PLAY ROADMAP (2024)

# CLOSING WORDS

---

Blockchain has given us many obvious benefits, and those educated in the space know this better than anyone! So why not incorporate blockchain into how we raise money and build out web3 businesses?

We have set out to offer investors as favorable of a scenario as possible that still benefits T3 Play. When everyone works together, the chance of success skyrockets for both the investor and the business.

We think this system is innovative and very fair. There are multiple early exit opportunities, and multiple benefits for long term holders. The benefits for the business are the holders we onboard who become part of this team as we work together, utilizing our collective strengths and funding!
